

Investing in the Health and Well-Being of Young Adults (Paperback)

By and Families Youth Board on Children, Institute of Medicine, National Research Council

National Academies Press, United States, 2015. Paperback. Book Condition: New. 221 x 152 mm. Language: English . Brand New Book. Young adulthood - ages approximately 18 to 26 - is a critical period of development with long-lasting implications for a person's economic security, health and well-being. Young adults are key contributors to the nation's workforce and military services and, since many are parents, to the healthy development of the next generation. Although millennials have received attention in the popular media in recent years, young adults are too rarely treated as a distinct population in policy, programs, and research. Instead, they are often grouped with adolescents or, more often, with all adults. Currently, the nation is experiencing economic restructuring, widening inequality, a rapidly rising ratio of older adults, and an increasingly diverse population. The possible transformative effects of these features make focus on young adults especially important. A systematic approach to understanding and responding to the unique circumstances and needs of today's young adults can help to pave the way to a more productive and equitable tomorrow for young adults in particular and our society at large. *Investing in The Health and Well-Being of Young Adults* describes what...
