Creative Teaching Press, United States, 2012. Paperback. Book Condition: New. 180 x 178 mm. Language: English . Brand New Book. Research has shown that repetition is essential for the brain to learn and recall information. The word searches in this book will provide your child with repeated practice of grade-level-appropriate vocabulary in all four of the main academic disciplines (language arts, math, science, and social studies) as well as advanced words designed for vocabulary enrichment. Becoming fluent, or automatic, with these skills helps develop reading fluency and build a strong foundation in reading comprehension, an important skill for academic success. In addition, solving word search puzzles provides fun spelling practice. Upon your child's completion of each activity, use the provided incentive chart and stickers to track progress and celebrate your child's success. Whether students need extra practice with grade-level skills or a head start on next year, Stick Kids Workbooks offer engaging activities, games, and puzzles that help make learning lots of fun. Each 56-page book features full-color activities, a list of the skills, and an explanation of why those skills are important for development. Also included are helpful tips, an answer key, a handy tracking sheet, stickers for acknowledging achievements, and appearances by the lovable Stick Kids! These right-sized (7 x 9) skill practice workbooks are perfect for use at school, or as entertaining activities on the go. Tuck them into a backpack, purse, or travel bag. Great for school breaks, vacations, and year-long practice.
