*It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

SAGE Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Studying Management Critically, Mats Alvesson, Hugh Willmott, 'An excellent source for graduate students, especially in the field of human resource development, who are exploring areas for future research of a critical nature' - Adult Education Quarterly Drawing upon a range of influential contemporary movements in the social sciences, primarily upon critical traditions, such as the Critical Theory of the Frankfurt School, this text provides a wide ranging analysis of management and its various specialisms. The book offers critical understandings of key areas of management theory and practice such as accounting, strategic management, marketing, business ethics and environmental management. It also examines the relations between power and discursive practices in the modern corporation; the role of architecture as a repressive and emancipatory force in organizations; gender and organizations and critical methodology for organizational research. Key issues of power/knowledge relations across these areas are addressed and new agendas both for these fields and for management studies as a whole are introduced.
