## The Case Formulation Approach to Cognitive-Behavior Therapy

---

By Jacqueline B. Persons PhD

Guilford Publications. Hardcover. Book Condition: New. Hardcover. 273 pages. This eagerly awaited book shows how skillful case formulation addresses a critical challenge in psychotherapy today: how to use empirically supported therapies (ESTs) in real-world clinical contexts. The author explains the basic theories of cognition, learning, and emotion that underlie available ESTs and shows how the theories also guide systematic case formulation. By crafting a sound formulation and continually refining and monitoring it as treatment progresses, the therapist can smoothly shift theoretical gears and weave together elements of different ESTs to meet the needs of individual patients, who typically present with multiple problems. Hands-on tools, reproducibles, and many concrete examples are included. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
