## ***Reviews***

*I just started off reading this article pdf. It really is simplistic but shocks in the fifty percent of your ebook. You will not truly feel monotony at at any time of the time (that's what catalogues are for about when you request me).

## LIMITLESS

Faber & Faber. Paperback. Book Condition: new. BRAND NEW, Limitless, Alan Glynn, This is a stunning international thriller and a wild, compulsive ride into the greedy vortex of modern life. Imagine a drug that made your brain function to its full potential. A drug that allowed you pick up a foreign language in a single day. A drug that helped you process information so fast you could see patterns in the stock market. Just as his life is fading into mediocrity, Eddie Spinola comes across such a pill: MDT-48 - a sort of Viagra for the brain. But while its benefits materialise quickly, so do certain unwelcome side-effects. And when Eddie decides to track down other users, he soon discovers that they're all dying, or already dead.
